

WHAT'S YOUR PASSION?

Surfing / Wakeboarding / Course Skiing

GPS Technology from the Leader in Marine Speed Control.

The world's most popular Wake & Surf Speed Control System is now even better. The **Wake Edition S** now features a new, simple GPS based Slalom Mode that is perfect for skiing in open water and for slalom course enthusiasts. (It will even do GPS based timing)

UPGRADE

Any customer with an existing PerfectPass WakeboardPro can easily upgrade to Star Gazer-Wake Edition. In most cases it is a simple 5 minute "Plug & Play" installation. For more details, contact one of our customer service specialists.

THE ADVANTAGES ARE CLEAR:

- Superior speed based control characteristics
- Improved performance in turns
- No calibration ever required
- Digital speedometer accuracy to 1/10 mph at all speeds
- Ideal for wakesurf speeds
- No opportunity for paddle wheel damage on trailers or lifts

Available for most existing ski/wakeboard boats with "mechanical" or "drive by wire" engines and for most stern drives with V6 & V8 engines.

Not exactly as shown on all models

WORLD LEADER IN SPEED CONTROL

SPEED CONTROL

GET READY FOR THE ULTIMATE RIDE

World class watersports performance is yours with the **StarGazer Speed Control System**. PerfectPass systems are ideally suited for virtually all ski/wakeboard boats and most late model stern drive boats using Mercruiser or Volvo engines.

It's a fact that driving a large boat at an extremely consistent speed is challenging for the best of us... not to mention downright stressful for many. With PerfectPass, you simply pre set the speed, throttle up and when the desired speed is reached PerfectPass takes over automatically. It's that simple! While the skier or rider behind enjoys a smooth steady speed and consistent wake shape, the driver can relax and watch the lake ahead.

Even lake cruising is more pleasant and fuel efficiency can be enhanced while running in rpm mode. PerfectPass has changed

the way thousands of families enjoy their time on the water. The right speed, the right pull and driving made simple is what we are all about.

FEATURES

- Three operating modes (Speed based wakeboard, RPM and GPS Slalom)
- All digital speed measurement via the High Speed GPS Receiver
- On screen Speedometer & Tachometer
- Adjustable pull characteristics
- Custom Display with ability to enter name list
- Ideal for surf speeds
- Patented fail safe design

GPS BASED
no paddle wheel required

Display styles available to match most boats
